Profile

I worked many jobs, by passion is IT.

That's why I did a lot of work that I didn't believe I would ever do.

Employment History

IT technical support , Balkan Bet, Beograd

DECEMBER 2013 – JANUARY 2015

First official job, I worked on maintaining the local betting system, pc, networks etc.

Meanwhile job did not follow my ambitions so i had to move on. There i got little experience in HTML and CSS.

Cad/Cam, Tankmont, Beograd

FEBRUARY 2015 – AUGUST 2018

After good offer for TankMont i got employed i worked in 3d modeling, cnc modeling and many more things. I learned lot of things here. Even few website pages i did for them.

Cad/Cam, Dragor-Tod, Beograd

AUGUST 2018 – JULY 2021

I worked here for almost three years, got there big projects and many more things. I got offer to be technical director but refused it. I want to pursue my goal. So i ended up leaving them.

Education

First year, Racunarski Fakultet RAF, Beograd

SEPTEMBER 2019 – PRESENT

I wanted to study informational technologies, but for now i am focused on work and finding proper job. So my study is on hold for now.
